## 2022–2023 Statistical Report

### STUDENT ENROLLMENT GROWS

We are proud to announce a continuing return to in-person instruction. Over 55% of programs were offered on-site, many with online components in addition to classroom instruction. With this ability to offer in-person, online, and hybrid programming, we are seeing an increase in student enrollment and in student achievement.

### STUDENTS SERVED

### STUDENTS & TUTORS

4,180 students

1,321 volunteers

### VOLUNTEERS AND TRAINING

In FY23, our network held **53** training courses and welcomed **445** new volunteer tutors. During the year, tutors participated in over **50** continuing education workshops.

### COMMUNITY IMPACT

#### 1,113 Workers

Our students who improved their job skills, including 655 students who got a job, promotion, or raise.

#### 2,311 Citizens

Our students who became citizens, registered to vote, voted for the first time, or became more involved in their communities. 135 students became citizens last year!

#### 3,455 Families

Our students who became more involved in their children's education, became smarter consumers, or attained healthier lifestyles.

#### 1,415 Computer Skills Gained

Our students who learned how to use computers and the internet.

#### \$3 Million Contributed

Donation to the state of New Jersey in volunteer time.

Having a tutor has changed my life for the better. I'm not ashamed to go to a restaurant, make my appointments by phone, or go to stores and ask for an item. I also have conferences with my children's teachers and I had the confidence to take the CNA course. Sometimes I serve as a translator for my friends and my husband is proud of me because he says that I have improved my English a lot and that makes me feel special. –Veronica
